## Data Sheet

Globular Adiponectin Human Recombinant, His Tag

| Catalogue Number | IY-277 |
| :--- | :--- |
| Synonyms | Acrp30, AdipoQ, GBP-28, APM-1, ACDC. |
| Introduction | Adiponectin is a protein exclusively secreted from adipose tissue. In the <br> circulation, adiponectin is present as three different oligomeric <br> complexes, including the high molecular weight (HMW), the middle <br> molecular weight (MMW, also called hexamer) and low molecular weigh <br> (LMW, also called trimer) forms. Different oligomeric complex of <br> adiponectin activates different signaling pathways and exerts distinct <br> functions. |
| Patent Rights | The sale and/or commercial use of Recombinant Adiponectin is prohibited <br> in the United States of America (U.S.A). |
| Description | Acrp30 Human has a total of 171 amino acids. N-terminal underlined <br> amino acids are His-tag and the protease cleavage site (31AA-Underlined). <br> The AA sequence of Acrp30 Human is homologous to the 105-244 amino <br> acid sequence of the Human full-length Adiponectin. |
| Source | Escherichia Coli. |
| Formulation | Acrp30 Human is a filtered powder, lyophilized from 0.6 mg/ml in PBS <br> buffer. |
| Solubility | Add 0.2 ml of deionized water and let the lyophilized pellet of Acrp30 <br> Human dissolve completely. |
| Stability | For long term, store lyophilized Acrp30 Human at -20C. Aliquot the <br> product after reconstitution to avoid repeated freezing/thawing cycles. <br> Reconstituted Acrp30 Human can be stored at 4 ${ }^{\circ} \mathrm{C}$ for a limited period of <br> time; it does not show any change after two weeks at 4 ${ }^{\circ} \mathrm{C}$. The lyophilized <br> Acrp30 Human remains stable for 24 months when stored at -20C. |
| Purity | Purity of Acrp30 Human is greater than 95\% as determined by HPLC and <br> SDS PAGE. |
| Usage | MSWWHHHHHH NWNIPTTQDT TQDLWFEGAM GGEGAYVYRS FSVGLETYV <br> TIPNMPIRFT KIFYNQQNHYDGSTGKFHCN IPGLYYFAYH ITVYMKDVKV <br> SLFKKDKAML FTYDQYQENN VDQASGSVLL HEVGDQVWLQVYGEGERNGL <br> YADNDNDSTF TGFLLYHDTN |
| Products are furnished for LABORATORY RESEARCH USE ONLY. The <br> product may not be used as drugs, agricultural or pesticidal products, food <br> additives or household chemicals. |  |
